

REMARKS

Claims 1-10 are canceled and rewritten as claims 11-30 to conform with preferred U.S. style, and the Abstract is rewritten to comply with U.S. requirements. The new claims avoid the multiple dependent claim fee, eliminate "characterising" clauses, assure infringement at the time the goods are sold, include the possibility of the frame of claim 11 having more than two prongs, and include the possibility of the loading robot of claim 11 having a path other than a circle.

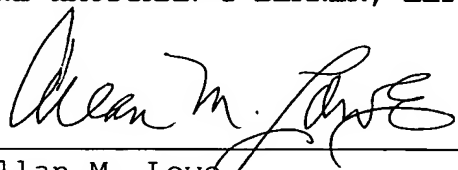

Entry is in order.

To the extent necessary, Applicant hereby requests an extension of time whenever required during pendency of this application in the U.S. Patent and Trademark Office. The Commissioner is hereby authorized to charge any omitted fees, including application processing, extra claims, and extension fees, to counsel's Deposit Account No. 07-1337.

Respectfully submitted,
